

AP200 - Sandstone Raised Ranch with Cascade Ranch Windows

Aspen™ Series

Design Choices, Style, Quality

When you are looking for that perfect, new door for your home, look no further than Raynor's Aspen™ Series. With all the design choices Aspen™ offers, you are sure to find the perfect combination that will enhance your home's curb appeal and value.

AP200

The Aspen™ model AP200 is a 2" thick, thermally efficient door, featuring Neufoam™ polyurethane insulation that fills 100% of the section's interior. Combine this with all the decorative options available, and you have a best-in-class door that just can't be beat.

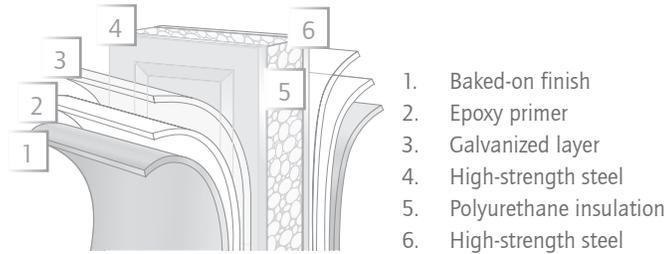

AP138

The Aspen™ model AP138 is a 1⅜" thick door and also features Neufoam™ polyurethane insulation. The AP138 is ideal for moderate climate areas, and offers all of the options available to the AP200.

Aspen™ AP200 & AP138

Raynor Aspen™ garage doors are available in two thickness options; 2" and 1⅜". Both models feature Neufoam™ insulation technology, ensuring that 100% of the section's interior is filled with energy saving polyurethane insulation. Neufoam™ also features the highest foam density in the industry. The 2" thick AP200 has an exceptional R-value of 18, while the 1⅜" thick AP138 has a R-value of 13. Both doors carry a "For As Long As You Own Your Home" limited section warranty against rust, six (6) year limited warranty on hardware, and a three (3) year limited warranty on springs to the original purchaser.*

Aspen™ Panel Construction

*See www.raynor.com for complete and full Limited Warranty details.

Aspen, Auburn with colonial carriage house recessed panel embossment and colonial windows.

Colors

Standard

Optional Finishes

Optional Distinct Finish Woodtones**

Distinct Finish Woodtones simulate the look of an authentic woodgrain door on a durable and long-lasting, steel door base. Oak woodgrain patterns run vertical between the embossed panels and horizontal with the rails to deliver a true grain appearance.

Optional Post Paint Finish

Raynor's OptiFinish™ paint process allows your Aspen door to be customized with more than 1,800 Sherwin-Williams® colors.

*Black and charcoal colored steel doors come standard with a Cool Chemistry™ paint finish to protect from extreme heat. For environments where extreme heat and sunlight exposures are constant, black and charcoal colors are not recommended.

**Not available on AP200LV

Hardware Options

Standard

Aspen doors feature galvanized steel track and hinges, Egyptian coated springs, and heavy-duty nylon rollers with steel ball bearings for long life and quiet operation.

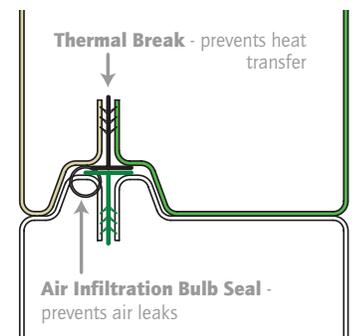

Optional

Raynor's EnduraCote™ system includes white powder coated track, end stiles and hinges, black powder coated extended life springs and torsion bar. The EnduraCote™ option also extends the Limited Warranty* on hardware and springs to the original purchaser "For As Long As You Own Your Home" against defects in material and workmanship.

WeatherLock™ Section Joints

Aspen™ doors incorporate Raynor's exclusive WeatherLock™ section joint. Raynor's proprietary modified tongue-in-groove joint provides exceptional strength, moving the joint forward to increase effectiveness of the air and water seal, keeping out unwanted water and air infiltration, while providing unyielding section strength and integrity.

AP200-Mocha Recessed Ranch

Distinct Finish Woodtones™

Simulate the look of an authentic wood door on a durable and long-lasting, steel door base. Oak woodgrain patterns run vertical between the embossed panels and horizontal with the rails to deliver a distinct, true grain appearance. Available on Aspen models AP138 and AP200.

Distinct Finish Window Frames and Inserts

A special two tone paint process provides a more authentic woodgrain look and blends the windows nicely in to the woodtone sections.

Unique Benefits Exclusive to Owning a Raynor Garage Door

Engineering expertise goes in to each one of our doors. Our product is tested and conforms to the highest industry standards and regulations. We manufacture all door panels and major hardware components giving us complete quality control from start to finish.

State of the art high-density Neufoam™ polyurethane insulation delivers maximum structural integrity and door strength. Combine our state of the art insulation material with our proprietary WeatherLock™ section joint design and you get the industry's most energy efficient door. Our section joint is engineered to minimize air flow and keep moisture from getting in your garage.

TruBalance™ Drum System
 Doors equipped with our patent pending TruBalance™ drum system are 87% easier to operate manually and provide you with a peace of mind knowing you can safely and easily manually operate your garage door in emergency situations. This system comes standard on doors up to 8' high with oversized windows in the top section.

Don't just lock it, SecureLoc™ it!

SecureLoc™ Garage Door Openers
 Raynor's SecureLoc Anti-Break-In assurance plan combines a SecureLoc capable opener with the strength of a Raynor residential garage door that locks automatically when the door closes. When professionally installed, this system gives you the confidence to know that your garage door is locked and prevents access through compromising the release device. Have peace of mind knowing your garage is protected from intrusion with SecureLoc!

A Company You Can Trust for Life

Heritage
 Manufacturing garage doors and openers since 1945.

Service
 Look for Raynor Authorized Dealers to serve you across the country.
 Technicians you can trust for professional installation and service.

Quality
 Made with pride and craftsmanship in America for over 70 years.

Guarantee
 Limited Lifetime Warranty our dedication to customer satisfaction. We stand behind our workmanship and product.

Openers Convenient and Reliable

Raynor's full line of residential openers offer a broad selection of performance, features and durability. All models offer the ultimate in safety and security features, are available in a variety of horsepower levels and drive systems, as well as wall mounted jackshaft operators and battery backup systems. MyQ™ technology enables you to securely monitor and control your garage door opener with your smart phone, tablet or computer. Additionally several of our Raynor branded openers now come standard with integrated WiFi.

Raynor's commercial ControlHoist™ operators, with solid-state logic board control, are available in a variety of motor and voltage combinations to meet any commercial or industrial application. Raynor's commercial FireHoist™ fire door operators are UL listed for use with Raynor FireCoil™ doors, as well as for retro-fit applications where existing fire doors require new operators.

For more information on Raynor openers, find the authorized Dealer nearest you at www.raynor.com or call 800-4-RAYNOR (472-9667).

SecureLoc™

Raynor's SecureLoc Anti-Break-In assurance plan combines a SecureLoc capable opener with the strength of a Raynor residential garage door that locks automatically when the door closes. When professionally installed, this system gives you the confidence to know that your garage door is locked and prevents access through compromising the release device. Have a peace of mind knowing your garage is protected from intrusion with SecureLoc!

For more information on Raynor's Anti-Break-In assurance plan visit www.Raynor.com/SecureLoc.

Limited Lifetime Warranty

Dedicated to customer satisfaction, Raynor doors carry a "For as Long as You Own Your Home" limited section warranty against rust, six (6) year limited warranty on hardware, and a three (3) year limited warranty on springs to the original purchaser. We stand behind our workmanship and product and are dedicated to customer satisfaction.

Professional Installation & Service

When you select Raynor, you're not just getting a superior garage door - you're also getting professional garage door installation and service expertise.

Every Raynor garage door is installed by a trained Raynor professional, and that means added benefits for you. First, you won't have to deal with it yourself. Second, because it's done right the first time, your door will deliver performance and reliability from the day it's installed. Your technician will check your door for everything from safety to performance and appearance. Trust your Raynor garage door to someone who knows it better than anyone else, your professional Raynor Dealer.
